Art Space Tutorial:

Make Clay Faces

Using little pieces of clay, roll out the eyes and nose. Using sausauge like shapes create strips for the eyebrows and lips!

Put each piece into place and gently push down to attach.

Add extra bits to make your clay face unique!

Art Space Tutorial:

Make a coral reef

Fold a rectangle of cardboard in half and cover it in blue paper.

Scrunch and stick black paper into balls, this will be the rocks, make as much texture as possible.

Decorate the sea with anything blue! Fabric, felt, tissue paper, pens or paint!.

Use PVA glue to stick the painted pasta all over the seafloor! Dried chickpeas make perfect pebbles.

Art Space Tutorial:

Make Coloured Pasta

Choose your pasta! Gigli pasta looks like shells, Rigatoni and dried chickpeas make perfect rocks

Portion out your pasta into ziplock bags, we did a mix of all the shapes in every bag.

Mix together 1-2 tbsp of paint + 1-2 tsp of water and pop it in the pasta bag, now shake it up

Lay the pasta out on baking paper to dry, it will dry in around an hour.
